# Gewoon doen!

AllPlant heeft de laatste jaren diverse ontwikkelingen doorgemaakt. Groei van het AllPlant-team en het assortiment, uitbreiding en verbeteringen in de kas, en daarmee steeds verder ontwikkelen naar een toonaangevende leverancier van jonge planten uit weefselkweek. Door te doen en vast te houden aan onze waarden: kwaliteit, betrouwbaar, innovatief en duurzaam.

Recentelijk is de nadruk gelegd om het AllPlant-team verder te versterken. De kwaliteit verbeteren om de continuïteit van alle processen te waarborgen. Tegelijkertijd blijven we innoveren.

2025 is het jaar dat we een deel van de planten automatisch gaan opplanten. AllPlant is het eerste bedrijf die weefselkweek planten met de robot gaat verwerken. Een innovatie waar we trots op zijn!

Voor het aankomende seizoen is het assortiment uitgebreid met weer nieuwe planten en ook zijn bestaande soorten aan het assortiment toegevoegd. Steeds meer planten uit ons assortiment gaan veen-vrij of veen-arm geteeld worden.

De komende periode zullen we nog meer verbeteringen en innovaties gaan toepassen, we gaan het gewoon doen!

Wij kijken uit naar een plezierige samenwerking!

Simon Gootjes

*The coming period will see even more improvements and innovations, we are just going to do it!*

*We are looking forward to a pleasant cooperation!*

Simon Gootjes

## DU | Einfach tun!

*AllPlant hat in den letzten Jahren verschiedene Entwicklungen durchlaufen. Ausbreitung des AllPlant Teams und der Sortenpalette, Erweiterung und Verbesserung des Gewächshauses und damit eine kontinuierliche Entwicklung zu einem führenden Anbieter von Jungpflanzen aus Gewebekultur. Indem wir an unseren Werten festhalten: Qualität, Zuverlässigkeit, Innovation, Nachhaltigkeit.*

*In der letzten Zeit lag der Schwerpunkt auf der weiteren Verstärkung des AllPlant-Teams. Verbesserung der Qualität zur Gewährleistung der Kontinuität aller Prozesse. Gleichzeitig arbeiten wir weiter an Innovationen.*

*2025 ist das Jahr, in dem wir damit beginnen, einen Teil der Pflanzen automatisch zu pflanzen. AllPlant wird das erste Unternehmen sein, das Gewebekulturpflanzen per Roboter verarbeitet. Eine Innovation, auf die wir stolz sind!*

*Für die kommende Saison wurde unser Sortiment mit neuen, verbesserten Pflanzen erweitert und bestehende Sorten wurden in das Sortiment aufgenommen. Mehr und mehr Pflanzen in unserem Sortiment werden Torf frei oder Torf arm gezüchtet.*

*In der kommenden Zeit wird es noch mehr Verbesserungen und Innovationen geben, wir werden es einfach tun!*

*Wir freuen uns auf eine angenehme Zusammenarbeit!*

Simon Gootjes

## EN | Do it!

*Over the last few years, AllPlant has undergone several developments. The AllPlant-team has grown, as well as our range of plants. The greenhouse expanded and other improvements were implemented. All this to grow to a leading supplier of young plants from tissue culture. By doing and sticking to our values: quality, reliability, innovative and sustainable.*

*Recently, the focus was on further strengthening the AllPlant-team. Improving the quality to ensure the continuity of all processes. At the same time, we still keep improving.*

*In 2025 we will start planting part of the plants with robots! AllPlant will be the first company to plant tissue culture plants with robots. An innovation we are proud of!*

*For coming season, we added new plants, as well as existing varieties to our assortment. More and more varieties will be grown peat-free or peat-poor.*
